### **Project Description**

Principal's Priority

3

Library Upgrade - Shelving, books, and furniture. Project would include the addition of new shelving, and furniture.

### **Benefits if Project is Funded**

Increase the opportunity for the instructional use of the library. Currently, we have a small library with a limited number of materials. Provide increased opportunity for teachers to access research materials for a class projects and assignments. Directly impacts core curricular classes as well as the opportunity for research and writing skills development. Increases the opportunity for Stellar students to access online instruction and complete research projects.

## **Impacts if Project is not Funded**

Without this project, students would have to continue use of our current lab. Without the addition, we cannot have a technology-based class in our large lab if a classroom teacher needs to utilize the lab for a class lesson or project.

# of Students impacted by project 300

Project Start Year 2010

**Project Finish Year** 2010
